

Chapter Three
CALIFORNIA'S FAILED JUSTICE SYSTEM

ELECTED OFFICIALS LIKE KAMALA HARRIS PASSED LAWS THAT PUT AND KEPT
CITIZENS IN PRISON BEYOND REASON, HER TOUGH ON CRIME AGENDA WAS
ANYTHING BUT JUSTICE, SHE IS IN NO WAY A DEFENDER OF THE
CONSTITUTION
NOW SHE'S VICE PRESIDENT

California's justice System has nothing to do with justice or rehabilitating the lives placed in correctional facilities, fact is California prisons are one of the state's largest money-making business. Prisons support 1,000's of union employee's not to mention PIA, (Prison industries of American) that uses inmate labor at an average cost of .67 cents per hour and sell's to companies such as Wal-Mart among many others, the California prisons are using inmates as slaves and getting by with it. The Constitution reads that slavery was abolished except for criminals, if you don't believe me look it up it's in the 13th Amendment. Listed below are 14 reasons I believe shows my claim to be true.

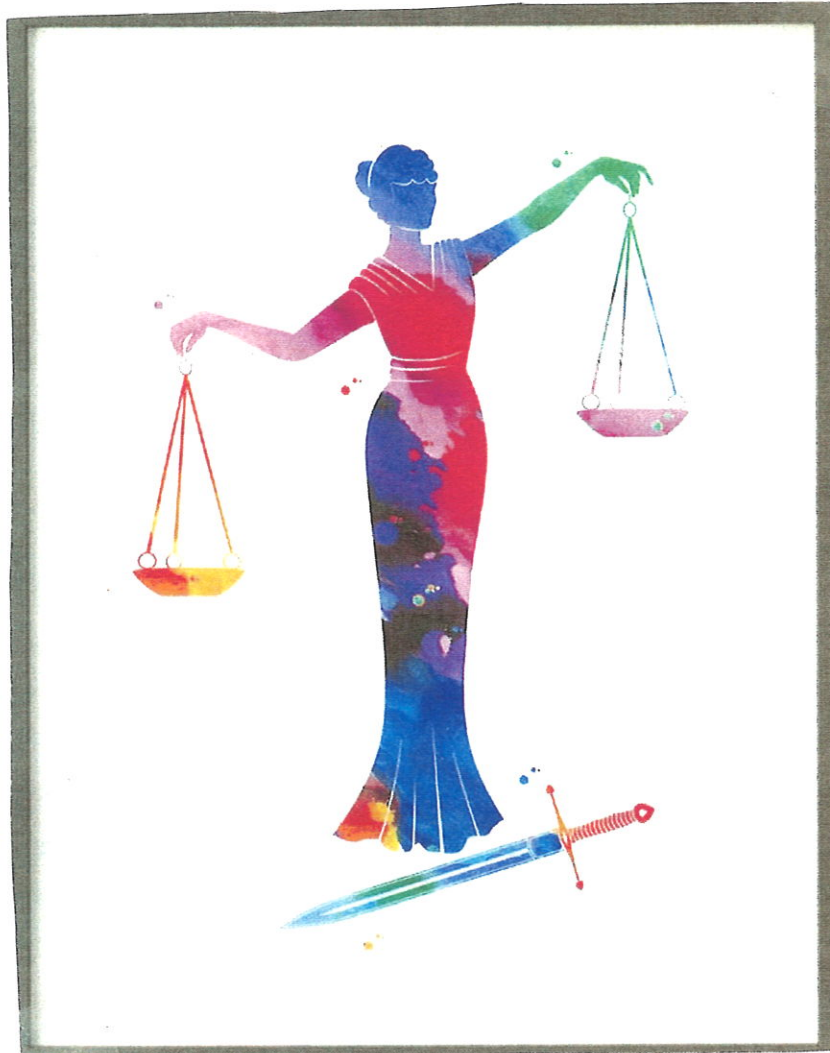

1. Revisitation at 70% or more
2. Jail is a fraternity for felons most inmates know each other from prior convictions.
3. A broken court system i.e. violations of Due Process, rights to a speedy trial violation of the 6 Amendments, fact is more than 95% of inmates in prison never went to trial.
4. Public Defender's agenda to get a plea to avoid trial, often before his attorney has seen his client's evidence.
5. Public Defender's case loads are so over scheduled statutory time tables are impossible to comply with the right to a speedy trial, a 6th Amendment right, actions that are supported by judges.
6. Judges that support the system, violating due process, and the U.S. Constitution.

7. The rights to be presumed innocent until you are convicted in a court of law, the D.A. in my case said in pre-trial before a judge that I was guilty and because I was guilty I should not be given bail, he never referred to my crime as alleged.
8. Accused suspects held in jail waiting for trial up to a year or more, considered guilty at time of arrest waiting on over loaded caseloads to be proven innocent, given the same treatment as already convicted inmates. (GUILTY UNTIL PROVEN INNOCENT)
9. Pretrial detainees receive the same treatment as convicted felons, Guilty until proven innocent, taken into court in jail clothes, eating the same moldy bread, drink the same sour milk and eating the same jail food as those who are already convicted. If you are innocent until proven guilty then why is pre-conviction the same as post conviction??
10. If you plead guilty at trial, you get credit for time served, who pays for your stolen days if your found innocent.
11. Conditions in jails are in no way a form of correction, correctional facility is a bold lie by the state to bleed the tax payers for more money.
12. Drug offenders use various programs for a get out of jail free card, only to return some as soon as a few weeks.
13. Living conditions in jail based on state standards for the public are extremely sub standard in every area, food service would be shut down if held to restaurant's standards, for the public, medical is a band-aid to cure cancer approach, sanitation, protection from inmate violence, second hand smoke (pot) noise levels 24/7 in my opinion add up to cruel and unusual punishment.
14. Punishment from violating a guard rule is punitive, if one inmate violates a rule every inmate is punished. Some how that does not seem like your innocent until proven guilty does it.

All the above conditions are an indictment to all those who are elected or employed to run California's justice System. Evidence demands a verdict, read my letters containing Constitutional and Civil liberty violations
