

Chapter Eight

YOUR GUNS AND THE 2ND AMENDMENT VS THE GOVERNMENT

**THE WHOLE OF THE CONSTITUTION IS UNDER CONSTANT
ATTACK , NOT BY FOREIGN COUNTRIES BUT FROM OUR OWN
ELECTED OFFICIALS,**

**HOW MUCH MORE AGGRESSIVE WOULD THEY BE WITH NO
2ND AMENDMENT**

There has always been a constant push for gun control with the idea of keeping guns out of the hands of criminals. The fact is that our freedom we have today is because criminals had guns. I could start with once up on a time, but this is no fairy tale.

The facts are a group of criminals with guns gave us the freedom we have today, and its guns that keep us free. These men, among a few were Washington, Franklin, Madison and Jefferson just to name a few. Yes, our founders were in fact criminals; they committed acts of treason, sedition and other such cries against their country----

They were all rich land owners and successful business men, and did not commit crimes for money, and they gave up all their wealth for the right to be free from England's rule, free from an oppressive ruler, so yes, they were criminals of the old world. However, they became patriots of a new nation they formed a bill of Rights and the U.S. Constitution; their efforts formed the foundation of our government of today. Their writings were mere words on paper, it took their bullets and blood, and in a lot of cases their lives to give us our freedom, a government of **WE THE PEOPLE, FOR THE PEOPLE, AND BY THE PEOPLE**. Hundreds of years have come and gone, and it has taken bullets and blood, and many lives to keep us free.

President Ronald Reagan said, "The way to peace is to be ready for war ". Our elected officials take an oath to defend our Constitution from both foreign and domestic enemy's, to many of those officials are violating their oath of office, making and enforcing laws that are outside the authority given them under the constitution.

Our founders new first hand about a corrupt and immoral government and gave we the people protection from a corrupt government. They wrote into the Constitution the 2nd Amendment that states: "a well-regulated militia, being necessary to the security of a free state, and the right of the people to keep and bear arms, shall not be infringed"

INFRINGED DEFINED...

1. To act contrary of violate, a law, obligation, right etc.
2. Transgress
3. On beyond the proper or unusual limits
4. Trespass, encroach, infringe upon the rights of another

Based on the interpretation above all gun laws, control, etc. are a violation of the U.S. Constitution. It is argued that gun control is needed to control crimes using a gun, do you think they would obey a gun regulation in the first place. The police protect nothing, their actions are always after the fact.

This nation is under siege by gang's law enforcement is not protecting the people, and in fact they restrict self-protection. Home evasions, assaults, armed robberies are at an all-time high despite gun control laws. The fact is armed citizens protecting themselves and property detours crime.

Case in point Switzerland all men serve 1 year in the army and keep their guns after serving with a defender trained and able to protect and leaves that country with one of the world's lowest crime rates, that's not true in countries with strict gun laws. In this country New York has some of the toughest gun laws and can boast of a very high crime rate.

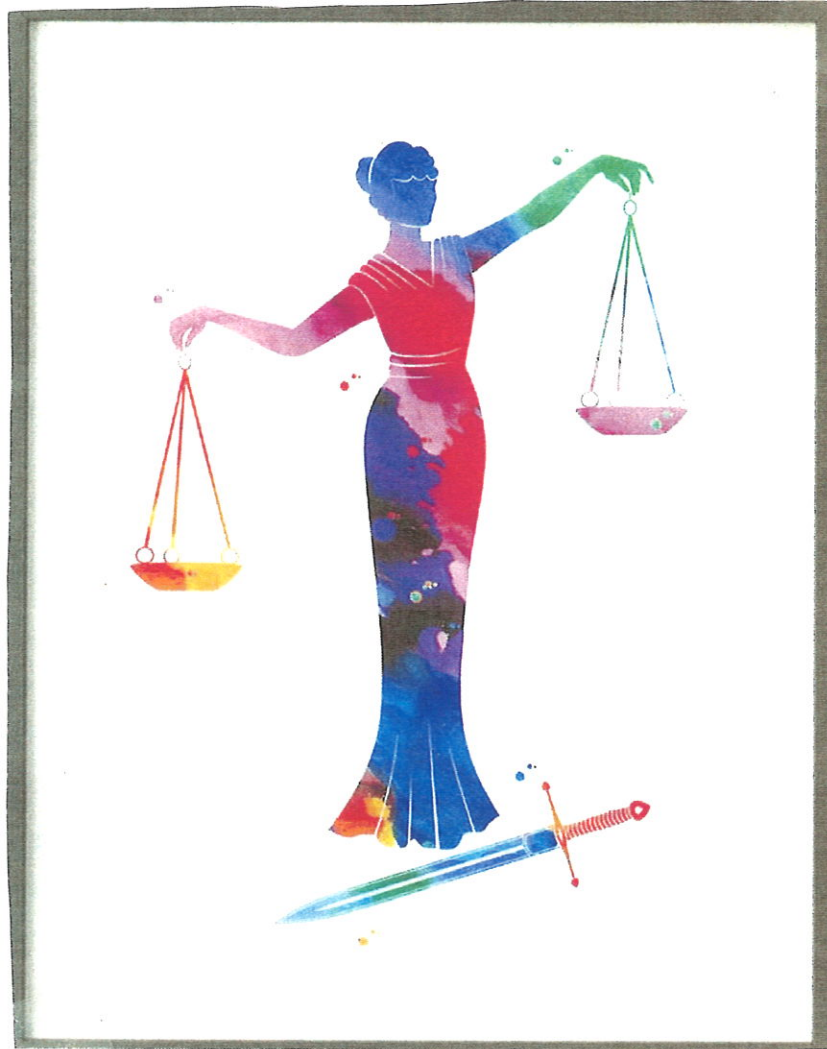

If you want gun control, control criminals that use a gun in a crime—double up on sentencing, when a gun is used, but remember owning, carrying, having, even using a gun for self-protection is protected under the 2nd Amendment. Truth is a corrupt and immoral government fears citizens with guns more than criminals that have guns.

Our founders were right citizens owning and bearing arms is needed for the security to maintain a free state. I am learning firsthand about how the government can violate the rights of the people; Sacramento justice system is a good example of how a government can violate one's Constitutional rights.

AMERICANS BE WARE, IF OUR GOVERNMENT TAKES OUR GUNS, THE REST OF OUR CONSTITUTION WILL BECOME SOMETHING FOUNDIN A MUSEUM, AND NOT IN THE HALLS OF JUSTICE
