

Chapter Five

RIO COSUMNS CORRECTION CENTER

ALL OF THE ACTIONS OF THIS FACILITY ARE A TESTAMENT TO "GUILTY UNTIL PROVEN INNOCENT"

In a prior commentary I wrote about my living conditions here at R.C.C.C., conditions are about the same as when I first described this so called correctional center. I use the term "so called" because there is nothing correctional here, that name sounds good to the tax payers, however in truth it is 100% a punitive center, keep in mind that like myself many the people locked up here are not guilty, however they are waiting for a trial, so punitive actions violate a person's right to be considered innocent until proven guilty.

Before I go on I have placed my prior statements to my Public Defender Mark Slaughter, about the conditions here at R.C.C.C., listed below for your review;

I am a 72-year-old man with several health issues, I have lost nearly 40 pounds in only 60 days while in their custody, recorded by their doctors, this seems to be no concern to them. I am housed with other inmates that carry AIDS virus and hepatitis, it's one thing to share the same toilet with them but quite another to have them handling our food, inmates working in the kitchen and not required to have a health certificate, LET ME REMIND THE READER THAT MANY ARE STILL INNOCENT!!

I was housed at RIO COSUMNS CORRECTION CENTER for a total of 483 days, during that whole time I was innocent experienced very harsh treatment by the guards, dragged into court in jail clothes, handcuffs, etc., in truth the 3 years in prison was much less harsh than in rccc, so as

it turns out, I was treated better when I was guilty than when I was held as an innocent person. If a person is innocent until proven guilty then they should be in a separate area from guilty prisoners threatened as innocent until the state can prove that they are in fact guilty.
